

ILOOK by Frigoglass

Raising the bar on the FV range

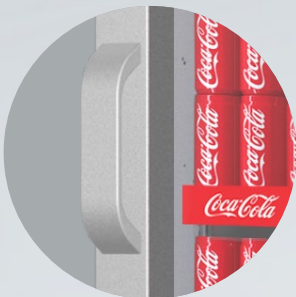

ILOOK, the benchmark cooler of the next generation

ILOOK is the evolution of the FV range, the most trusted cooler range in the global market. ILOOK combines all the best features of the FV line-up, such as robust construction, best-in-class performance and energy consumption as well as extended lifetime, with modern and premium aesthetics that differentiate your product at the POS and stimulate impulse purchase.

The curved metal frame creates a premium, modern look while it enhances product robustness.

The handle is simple and elegant, yet solid due to the metal structure of the handle.

The distinctive Coca-Cola wave has been incorporated into the grid to complete and enhance the brand's visual identity. The full metallic grid allows for increased durability.

ILOOK range

ILOOK features:

- Premium, modern look
- Metallic canopy frame
- Aluminium door frame
- Metallic front grid
- Simple, elegant handle

ILOOK benefits:

- Robust construction
- Outdoor placement capability
- Easy rebranding
- Color options
- Easy to refurbish

Premium aesthetics

LED lighting

Reduced noise

Best-in-class consumption

Easy servicing

Foul-free

CO₂
