

Flex 20 / Flex 20 C

Key benefits

Compact size

- Small footprint with optimized capacity for 250ml slim line cans
- Fits every outlet and counter

Eye-catching design driving impulse buying

High reliability and robustness

- Aluminum door frame with premium finish
- Maintenance-free backwall condenser
- Magnetic gasket

Strong product/brand visibility

- Highly efficient LED product illumination
- Full height glass door (Flex 20)
- Illuminated branded canopy (Flex 20 C)

Flex 20

Flex 20 C

Options

- LED on door installation
- LED advertising on the door
- Customized graphics and color options
- Door lock
- Reversible door (not in combination with LED on door)
- Chrome shelves
- Plastic door frame
